

KINGSWOOD SECONDARY ACADEMY

New starter admission form (section 2)

Please complete the following details in block capitals and black ink. The following parts need to be completed and signed separately where appropriate.

Biometric data consent

In line with many academic establishments across the country, the Kingswood Secondary Academy uses a biometric data system (based upon fingerprint recognition technology) around the school. These include (but may not be exclusive to): paying for food, printing, and library services. This works by taking measurements of the fingerprint, but does not capture a complete image meaning that the original fingerprint cannot be reconstructed from the data.

The Academy requires the written consent of a Parent/Carer before we may collect and process the biometric data of any pupil. A suitable alternative will be provided to any pupil where consent is not given.

Please complete the section and declaration below indicating the preferred method of accessing school systems in the Academy.

Please note that even if a parent has given written consent to the processing of their child's biometric data the Academy will be obliged to substitute this with an alternative in the following situations:

- Your child objects to having their fingerprint taken on the day
- Your child later objects to using their fingerprint as a method of accessing school systems
- If a different parent to the one that has given consent writes to us to object

Pupil's surname

Pupil's forename

Middle name

Year group

Start date

Biometric data consent declaration

Please tick one of the two boxes below:

I hereby give consent for the collection and processing of biometric data for the pupil detailed above for use with school systems

I would like my child to be provided with a suitable alternative instead of using their fingerprint
