

KINGSWOOD SECONDARY ACADEMY

Biometric Data Consent Form

In line with many academic establishments across the country, the Kingswood Secondary Academy uses a biometric data system (based upon fingerprint recognition technology) around the school. These include (but may not be exclusive to): Paying for food, printing, library services. This works by taking measurements of the fingerprint, but does not capture a complete image meaning that the original fingerprint cannot be reconstructed from the data.

The Academy requires the written consent of a Parent/Guardian before we may collect and process the biometric data of any student. A suitable alternative will be provided to any student where consent is not given.

Please complete and return the below form indicating the preferred method of accessing school systems in the Academy.
