Year 10 Term 2

Dear Parents, Carers and Students,

As we reach the end of our first term, I have been reflecting on just how much has already been achieved in a relatively short space of time. The academy has been full of energy, ambition and purpose since September, and it has been a privilege to see our students embrace every opportunity that has been placed before them.

Across the academy, there is a genuine sense of momentum. Whether in classrooms, on the sports field, in our Sixth Form Centre or through the many enrichment opportunities available, students have approached the new academic year with determination and maturity. They continue to demonstrate the values that make Kingswood such a special community: Respect, Independence, Service to Community and Empathy.

One of the most significant developments this year has been the continued investment in our learning environment. Following the completion of our summer improvement programme, students are now benefiting from refurbished science laboratories, enhanced PE facilities, improved toilet facilities, upgraded English teaching areas and redeveloped middle-floor corridors. These improvements are much more than cosmetic; they reflect our commitment to ensuring that every student learns in an environment that promotes pride, aspiration and success.

Perhaps the most transformational project has been the redevelopment of our Sixth Form provision. Our newly refurbished Sixth Form Centre has quickly become a focal point of student life. With dedicated study areas, modern classrooms and social spaces, the facility provides an environment that reflects the high aspirations we have for our young people. Feedback from students has been overwhelmingly positive, with many commenting on the professional atmosphere and how it motivates them to achieve their very best. The strength of our Sixth Form is reflected not only in the quality of the environment but also in the number of students choosing to continue their education with us. This year, we welcomed our largest Year 12 intake to date, with a 60% increase in enrolment. This remarkable growth is a reflection of the excellent outcomes achieved by our students and the ever-strengthening reputation of our Sixth Form offer.

Our examination classes have also made an exceptionally strong start. Following another year of excellent GCSE and A Level results, students in Years 11 and 13 have embraced the challenges ahead with maturity and commitment. Attendance at after-school masterclasses has been particularly impressive, with close to 180 Year 11 students choosing to attend each day. Their willingness to invest additional time in their studies speaks volumes about their determination to succeed.

Newsletter

Year 10 Term 2

Meanwhile, our Year 13 students are currently preparing for mock examinations that have been deliberately structured to reflect the demands of the summer examination series. By experiencing this balance of independent revision, examination preparation and personal wellbeing now, students are developing the habits and resilience that will support them when they reach their final examinations.

I have also been delighted with how successfully our new Year 7 students have settled into academy life. Starting secondary school is a significant milestone, yet they have quickly become valued members of the Kingswood community. Their confidence, enthusiasm and willingness to get involved have been evident from the outset. I would like to thank our Year 7 team, tutors and Assistant Principal Mrs Bonner for the exceptional support they provide. Our transition programme continues to be one of the academy's great strengths and plays a vital role in ensuring that students feel welcomed, supported and ready to flourish.

Attendance remains a major national challenge for schools and therefore continues to be one of our key priorities. We speak regularly to students about the powerful link between attendance, achievement, wellbeing and future opportunities. Every lesson matters, every day counts, and the habits established during school years often influence future success in employment and adult life. I am therefore particularly pleased that Kingswood's attendance remains above the national average. This reflects the commitment of our students, the support of our families and the hard work of our staff. Thank you for the role you play in ensuring that students are present, punctual and ready to learn.

As Principal, what makes me most proud is not simply the facilities we have developed or the results we have achieved, but the culture that exists throughout the academy. Every day, I see students showing kindness, helping one another, taking responsibility for their learning and contributing positively to our community. These qualities will serve them well long after they leave Kingswood.

Finally, I would like to thank our staff, students, parents and carers for the support, encouragement and partnership that make our academy such a success. Together, we continue to create opportunities, raise aspirations and improve the life chances of every young person in our care.

I wish you all a restful and enjoyable half-term break, and I look forward to welcoming everyone back for another exciting term.

Kind regards,

Matthew Gamble
Principal

@KingswoodAcad

Dear Parents and Carers,

We would like to congratulate our Year 10 students on making such a fantastic start to the academic year. Students have demonstrated maturity, resilience and a positive attitude towards their learning, with teachers praising their dedication, strong work ethic and enthusiastic participation in lessons.

It has been wonderful to see Year 10 embrace the challenges of Key Stage 4 with such enthusiasm and determination. As students progress through their GCSE courses, regular homework and revision will become increasingly important. Completing homework carefully, revisiting learning regularly and developing good revision habits now will help students strengthen their knowledge, build confidence and prepare effectively for their GCSE examinations.

We are incredibly proud of the commitment Year 10 have shown so far and encourage every student to keep building on this excellent start.

Keep up the fantastic work, Year 10! Your Year Team is extremely proud of you and the positive example you are setting.

The Year 10 Team

If you have recently moved to a new address and/or have updated your contact details, for example you have a new telephone number or email address, please can you contact your child's form tutor, Deputy Head of Year or Head of Year with the new details so we can update our records. Thank you.

For parents and carers of pupils with allergies, our Catering Lead can be contacted at drobinson@kingswoodsecondaryacademy.org if you have any questions or would like to discuss your child's dietary requirements.

Kingswood Secondary Academy

Year 10 Communication

Attendance is Everyone's Business!

Last academic year, we witnessed a substantial increase in attendance, and I want to take this opportunity to thank everyone involved!

At Kingswood, we recognise and celebrate positive behaviour and encourage children to attend school by continuing to reward them with a wide range of prizes, including:

· **Weekly rewards** for the form group with the highest attendance in each year group

· **"Friday Feast"** – a prize draw for a student with 100% attendance to win a £20 Just Eat voucher

· **RISE points** awarded for daily attendance, with bonus points for achieving 100% attendance each week – these can be spent in our RISE Store for fantastic rewards

· **Attendance Flash rewards** awarded at the end of every term

· **NEW - Badges and certificates.** More information will follow - watch this space!

· **NEW - Hot Chocolate mornings** rewarding all students across the school with 100% attendance for the half term.

I hope we are all ready to make **Term 2 our best ever for attendance!**

Mr J. Moring

Kingswood Secondary Academy

Year 10 Enrichment Clubs

Why is Enrichment so important?

Enrichment:

· Helps children develop their interests and talents;

· Enables children to develop their character, confidence and independence;

· Teaches children how to keep physically and mentally healthy;

· Prepares individuals for future success.

Students can also participate in the following:

Student council: Elected form representatives from all year groups discuss issues affecting students and the Academy. This is a working party which helps our Academy progress.

KEM – Kingswood Ethnic Minorities: Volunteers discuss issues that affect and create a more inclusive community. This raises awareness, and students help to plan our cultural celebration days.

LGBTQ+: Formed of students from all year groups. This is an open and safe group where students discuss issues affecting their community. They also raise awareness by organising events and celebration days.

PSHE Curriculum Overview

As part of our commitment to developing well-rounded, informed and empathetic young people, our PSHE curriculum is carefully tailored to meet the needs of students at each stage of their education.

Year 7 – Celebrating Differences
Students will explore different cultures and challenge stereotypes, learning about multicultural Britain and the importance of inclusion. Lessons will also explore discrimination and prejudice, with links to the protected characteristics outlined in the Equality Act 2010.

Year 8 – Equality and Diversity
Building on their learning in Year 7, students will explore the Equality Act 2010, focusing on equal rights and the importance of fairness, respect and equality for all individuals in society.

Year 9 – Legal and Illegal Drugs
This unit explores drug definitions and classifications, as well as the potential impact of substance misuse. Students will learn about cannabis products and consider the legal implications associated with drug use.

Year 10 – World Issues
Students will examine a range of global issues, including the role of international organisations, human rights, trade union activism and women's rights. This unit encourages students to think critically about global challenges, equality and social justice.

Year 11 – Love and Relationships
Students will explore a range of important issues relating to healthy relationships and adulthood, including love, respect and abuse; teenage pregnancy and choices; contraception; sexual health; abortion laws, morals and ethics; and teenage parenthood.

Kingswood Secondary Academy
Curriculum for Year 10 Term 2

The curriculum and independent learning at Kingswood Secondary Academy

Independent learning (home learning) is an integral part of the learning process at Kingswood Secondary Academy. It builds resilience by allowing our students to take ownership of their learning linked to the learning in lessons as well as forming good study habits. The Academy uses ClassCharts to record all independent learning tasks. All students and parents / carers have an individual log in for ClassCharts. If you need access, please contact your child's form tutor.

There are many different tasks that teachers may set students to complete independently such as completing research, undertaking a project, revising for a topic, completing an assessment, reviewing and / or improving a task and completing some online activities.

Please read the curriculum timetable for **Year 10 Term 2 2025** which highlights the learning expectations for each subject this term. We hope you find this information useful and take time to discuss the subject topics and learning opportunities with your child.

Revision Tips: Work Smarter, Not Just Harder

With assessments approaching, now is the perfect time for students to develop effective revision habits. Revision is most successful when it is **active, focused and regular**, rather than simply rereading notes. Students could try a range of techniques to discover what works best for them:

Retrieval practice: Put notes away and test yourself on what you can remember. Use practice questions, quizzes or write down everything you know about a topic before checking for gaps.
Flashcards: Create short question-and-answer cards for key facts, vocabulary, concepts and quotations. Revisit difficult cards more frequently.
Brain dumps: Choose a topic and, without using notes, write down everything you can remember. Then use your notes to add anything you missed in a different colour.
Practice questions: Completing exam-style questions helps students apply their knowledge and become more confident with the demands of assessments.
Spacing: Short, regular revision sessions over several days are more manageable than trying to cover everything at once. Revisit topics regularly to strengthen recall.
Revision timetable: Plan revision carefully, breaking subjects into smaller topics and setting achievable goals for each session.

The key message is simple: **revision should involve doing something with your knowledge, not just looking at it.** Start early, work in manageable chunks, test yourself regularly and remember that small amounts of focused revision can build into real progress.

Our RISE Store

We continue to see an incredible number of orders through the **RISE Store**, celebrating students who consistently demonstrate our school's core values: **Respect, Independence, Service to the community, and Empathy**. These values are key to helping our students grow into well-rounded Kingswoodian individuals.

Most RISE points this term were earned through **Independence**, which is awarded for efforts in and around learning. Points are given for things like participation in class discussions, producing high-quality work during lessons, and completing homework to a good standard.

We would like to celebrate all students who have earned RISE points and enjoyed spending them in the RISE Store. To continue offering a wide variety of items in exchange for RISE points, we warmly welcome donations from the wider community. Suggested items include **stationery, sweets, chocolates, toiletries, gift sets, and vouchers**.

If you know of any companies or sponsors who may be able to contribute to the store for our students, please contact **Mr. Feely** at: lfeely@kingswoodsecondaryacademy.org

Public

Our Cadets

Our Cadets enjoyed an exciting and energetic first session in the sports hall, where new members had the opportunity to get to know one another, have fun, and begin developing essential teamwork skills. The session provided an excellent introduction to what the Cadet programme is all about, helping students build confidence while working together on a range of activities.

The Cadets have also been proud to support the Kettering Pride in Place event, demonstrating their commitment to serving and engaging with the local community. Their involvement showcased the positive impact young people can have through volunteering and community action.

Through their cadet experiences, students have already begun developing valuable life skills, including leadership, teamwork, communication, and social interaction. These skills will continue to grow throughout their cadet journey, helping them become confident, responsible, and active members of the community.

We look forward to seeing all that our Cadets achieve in the months ahead.

A Message from the Chair: Shaping Kingswood's Future Together

Mrs Bonner, Chair of Pride in Place, is inviting residents from across Kingswood and the surrounding area to help shape the future of their community at the official launch event on **17th October**, taking place at Kingswood Secondary Academy from **12pm to 3pm**.

At the heart of Pride in Place is a commitment to ensuring that local people have a genuine voice in deciding how investment is used to benefit the community. Through a significant government-backed initiative, the area is set to receive **£2 million of funding over the next 10 years**, providing an unprecedented opportunity to support projects, services and improvements that matter most to local residents.

Mrs Bonner believes that the success of the programme depends on listening to the people who know the community best.

"This funding represents a real opportunity for Kingswood and the surrounding communities. We want residents of all ages to tell us what matters to them, what challenges they face and what projects they believe would make the biggest difference locally. The community's voice will be at the heart of every decision we make."

The launch event will be an informal and welcoming opportunity for residents to meet members of the Pride in Place Board, share their ideas and learn more about how they can get involved. There will be food, conversation, activities and opportunities to discuss priorities for the area in a relaxed and friendly atmosphere.

Ahead of the launch, Mrs Bonner has already been engaging with local young people, delivering assemblies about the project and the importance of community involvement at St Patrick's Catholic Primary School, Hazel Leys Academy, Beanfield Primary School, Kingswood Primary Academy and Exeter A Learning Community Academy. These visits have encouraged pupils to think about what makes a thriving community and how investment can help improve opportunities for everyone.

Pride in Place is committed to ensuring that the funding creates lasting benefits for local people and helps Kingswood prosper for generations to come. Residents are encouraged to attend the launch event, share their views and play an active role in shaping the future of their community.

Student Lockers

We have student lockers available to rent. These lockers offer a modern, robust and secure solution for storing student belongings and equipment. Having a locker can help students reduce the amount they carry each day and avoid misplacing important school items.

The standard rental price for a locker is £35 per year; however, we have negotiated a reduced rate of **£27 per year** for our students and their families.

Additionally, if students left any items in their lockers last academic year, we kindly ask them to visit Student Services during breaktimes or after school. All items have been bagged separately, and students will need to provide their previous locker number to collect their belongings. Unclaimed items after two weeks will be disposed of, for example through donation to charity shops or recycling.

Public

Annual Lockdown Drill

The safety and welfare of our students and staff are our highest priorities at Kingswood. As you would expect, we regularly practise emergency drills to ensure that staff and students know what to do in an emergency. The aim of these training drills is to improve our ability to protect students and staff and reduce the risk of injury. These practice drills also allow us to evaluate and refine our emergency procedures and strengthen our response skills.

For many years, we have also practised our **Lockdown Drill**, and we would like to make you aware of this. These drills are designed to ensure that students understand our safety procedures and to reduce the level of anxiety that could arise in a real-life situation, should one ever occur, which we sincerely hope it never will.

A lockdown would be initiated when a situation arises that requires the isolation, rather than the evacuation, of students and staff from an identified risk. Examples include:

- A dangerous animal in the vicinity of the school
- A local emergency, such as a gas leak or air pollution incident
- An intruder on the school site

In the event of a genuine risk requiring a lockdown, we would implement our procedures in liaison with the police. Parents and carers would be contacted at an appropriate time and provided with information about the situation.

It is vital that parents and carers do **not**:

- Contact the school by telephone, in order to keep phone lines clear
- Contact their child directly by mobile phone, even if their child attempts to contact them
- Come to the school in person unless advised by the school that it is safe to do so

We appreciate that this may be extremely difficult. However, if these instructions are not followed, the safety of students and staff could be compromised.

Please ensure that your contact information is accurate and up to date. It is also advisable to have several trusted adults listed as emergency contacts with the school.

We must stress that incidents requiring a lockdown are extremely unlikely to occur. However, it is important that we are prepared. As a result of our lockdown planning, we successfully implemented a lockdown, on police advice, in 2022 when stray dogs were reported in the local community.

Thank you for your continued support. If you have any questions regarding the information above, please do not hesitate to contact your child's Head of Year.

Pu

Kingswood Secondary Academy
Year 10 Communication

Parking and Access to Kingswood Secondary Academy
Wherever possible, we encourage our students to walk or cycle to the Academy, as this offers clear health and environmental benefits.
If you do bring your child by car, please note the following:

Dropping Off Your Child in the Morning
It would be most helpful if you could drop off your child a few hundred metres from the school and allow them to walk the short distance in.
If you wish to use our roundabout, this is permitted in the mornings. This works well because drop-offs occur over a 30–45-minute period, so congestion is generally not a significant issue.

Collecting Your Child at the End of the Day
Due to the large number of students leaving in a short time frame, we do not allow parents onto the site to collect their children. This is because of the significant congestion it causes, which leads to vehicles backing up onto Gainsborough Road and blocking traffic in both directions.

In summary:
Please do not drive onto the school site to collect your child at the end of the day.

Exception:
If your child has a disability, please speak with their Head of Year or Miss Skorwider in our Special Educational Needs Department, who will make appropriate arrangements.
Consideration for Local Residents

We often receive complaints from local residents, particularly on Tower Hill Road and Oak Wood Drive. With this in mind, we kindly ask that you:

· Note that **Tower Hill Road is a no-stopping area** between Monday and Friday, 8am–6pm. This is clearly signposted.
· Park considerately. Consider parking further away and allowing your child to walk a few minutes to meet you, helping reduce congestion.
· Avoid blocking residents' driveways or using them to turn around or stop.
· Do not park on yellow lines.

The AA - School Safety Alert
· Over **6,000 children under 16** were injured on UK roads in 2023 while walking or cycling.

The AA - Safety Advice for Drivers
· Slow down in school zones—even if not signposted.
· Avoid distractions, especially mobile phone use.
· Park responsibly—not near school gates or on zigzag lines.
· Watch out for children on bikes, scooters, or crossing roads.
· Obey school crossing patrols.

"The return to school is a busy and exciting time for families, but it also brings increased risks on the roads. With more children walking, cycling, and scooting to school, drivers must be especially cautious."
— Tony Rich, AA Head of Road Safety

Thank you for your co-operation.

Public

Kingswood Secondary Academy – Uniform Requirements

At Kingswood Secondary Academy we believe that wearing our distinctive uniform gives our students a sense of belonging, fosters pride in the Academy and stops students coming to school in inappropriate clothing or footwear. Students are our ambassadors in the community and therefore we expect all students to wear full uniform when travelling to and from the Academy, at all Academy functions, on extra-curricular visits and when taking part in sports events. Please refer to our website for updated uniform policy and expectations.

Our Academy uniform consists of:

· An Academy tie with a traditional white shirt which has a fastened top button and is long enough to be tucked into trousers or a skirt; the bottom of the tie should meet the waistband.

· Black trousers or skirt made of standard material (see below) – studs or zips on pockets must not be visible. Jeans, cords, hipster and tight-fitting (e.g. Revs-style) trousers are not appropriate, and all trousers should cover the ankle. Combat-style trousers, e.g. with additional side pockets, are not allowed.

· We introduced a **new skirt** in September 2025, and it is available for purchase from **Price and Buckland**, (our uniform supplier). Any student who chooses to wear a skirt must wear this approved style purchased from Price and Buckland. Students who prefer not to wear a skirt may continue to wear **tailored black trousers**, which should meet the guidelines outlined in our current uniform policy.

· Academy blazer for all students in years 7 to 11.

· Black or grey socks with black trousers; neutral or black tights with skirts.

· Black leather or leather-style traditional school shoes that can be polished, with a heel no more than 2cm in height. (No boots or trainers, or trainer-style shoes such as Vans or Converse are allowed. Girls' ballet-type footwear is not acceptable)

Physical Education kit for all years:

· Black tracksuit bottoms with Academy logo

· Black short-sleeved sports polo shirt with purple panels and the Academy logo

· Black long-sleeved sports shirt with purple panels and the Academy logo

· Black shorts with Academy logo

· Suitable trainers or other sports footwear

· Sports leggings with academy logo or plain black sports leggings (not cotton) Students will also be required to bring other appropriate kit to their PE lessons where necessary. For example, shin-guards for contact sports, studded boots for rugby, mouth guard for some PE activities. Students will be given specific advice from their PE teachers.
