

Dear Head of Sixth Form / Careers Advisor,

More Winter Roadshow Presentations added

It's less than a month now until the main UCAS application deadline for undergraduate courses starting in autumn 2021. We want to assist your students as much as possible leading up to this deadline so we have added more presentations to our Winter Roadshow.

As we can't come to your school or college right now, we have set up drop in sessions for prospective students and applicants to come and ask our Recruitment Officers any questions they may have!

We'll also cover a wide range of topics which may appeal to students thinking of starting university in 2022 including "*Why go to university?*", "*Student Life at Kent. Join our World!*", and "*Choosing a course and a university. Discover what's right for you*". For parents and supporters we have included an advice session which provides information about all aspects of HE.

Below you'll find our first four upcoming presentations starting on Monday 11 January, but you'll find the whole range of presentations we're bringing you this winter on our [Online Roadshow webpage](#).
