

## GREENWOOD ACADEMIES TRUST

### Provider Access Policy Statement (PAL)

Access for colleges, training providers, university technical colleges, universities and all other post 16 providers offering technical, vocational and academic routes and apprenticeships

Updated November 2024

#### Kingswood Secondary Academy

This policy statement sets out the arrangements for managing the access of providers to students for the purpose of giving them information about the provider's education or training offer.

#### Pupil Entitlement:

All students in years 7 to 13 are entitled:

- to find out about technical education qualifications and apprenticeships opportunities, as part of a careers programme which provides information on the full range of education and training options available at each transition point;
- to hear from a range of local providers about the opportunities they offer, including technical education and apprenticeships – through options events, assemblies and group discussions and taster events;
- to understand how to make applications for the full range of academic and technical courses.

In line with the updated Provider Access Legislation, from November 2024, all schools must provide meaningful encounters for all students with post 16 providers, as above. This is broken down into: -

Gatsby Benchmark		Requirement
5	1	Every year, from the age of 11, pupils should participate in at least one meaningful encounter with an employer
6	1	By the age of 16, every pupil should have had meaningful experiences of workplaces
6	2	By the age of 18, every pupil should have had at least one further meaningful experience.
7	1	By the age of 16, every pupil should have had meaningful encounters with providers of the full range of learning opportunities, including sixth forms, colleges, universities and ITPs
7	2	By the age of 18, all pupils who are considering applying to higher education should have had at least two visits to higher education providers to meet staff and learners.

These provider encounters will be scheduled during the main school hours and the provider will be given a reasonable amount of time to, as a minimum:

- share information about both the provider and the approved technical education qualification and apprenticeships that the provider offers
- explain what career routes those options could lead to
- provide insights into what it might be like to learn or train with that provider (including the opportunity to meet staff and students from the provider)
- answer questions from all students, including our most vulnerable and those with additional learning needs

Kingswood Secondary Academy defines an encounter as at least 1 hour, during the academy day.

The academy days runs from 8.30am until 3.10pm.

This complies with the school's legal obligations under Section 42B of the Education Act 1997.

As part of our careers programme, we will consider requests from approved training, apprenticeship, technical and vocational education providers, including University Technical Colleges where appropriate, to speak to our students. Kingswood Secondary Academy will also approach these providers directly when planning and organising key career related events throughout the school year such as school assemblies, webinars within the curriculum, including live events, careers engagement events and parents evenings. Meaningful encounters may be planned using the [Making it meaningful checklist](#).

The quality and impact of careers provision at Kingswood Secondary Academy is monitored by our Senior Leadership Team, Trust Wide Advisers for Careers and Employability and the Academy Advisory Council. Access and opportunity to engage with technical, vocational and training providers will form part of this process.

*Kingswood Secondary Academy* has a range of facilities available for providers to use in support of our careers programme. This includes our main hall with seating for 250 people; atrium with seating for 500 people; theatre space for 120 people; restaurant with capacity for 350 people; sports hall, small conference rooms with capacity for 12-15 people.
